

# Data Manipulation and Reporting with Power BI

## Zomato Global Analysis

### Zomato Global Report:

### Cuisines Report:

## Restaurant Details:

The screenshot displays a Power BI Desktop report titled "Restaurant Details" within the "Zomato\_project - Power BI Desktop" window. The report is designed with a red theme and includes the following elements:

- Restaurant Address:** Bakers & More, Asian Institute of Medical Sciences, Badkal Flyover, Sector 21 A, Sector 21, Faridabad
- Restaurant Name:** Let's Burrp
- Restaurant Menu:** A table listing restaurants, cuisines, and their counts.
- City:** All
- Country:** All
- Has Online Delivery:** No
- Has Table Booking:** No
- Rating Colour:** All

The "Restaurant Menu" table is as follows:

| Restaurants  | Cuisines              | Cuisines Count |
|--------------|-----------------------|----------------|
| Let's Burrp  | Chinese, North Indian | 105            |
| #45          | Cafe                  | 299            |
| #Dilliwaala6 | North Indian          | 936            |
| #hashtag     | Cafe                  | 299            |
| #InstaFreeze | Ice Cream             | 74             |

The report is viewed in a desktop layout with the "Filters" pane on the right. The "Filters" pane shows filters on this page and on all pages. The "Visualizations" pane shows the "Build visual" options. The "Data" pane shows the data sources: Country Master, Cuisines\_Restaurants, Final Data, and KPIs. The report is displayed on a desktop with a taskbar showing the time as 08:02 PM on 07-06-2023.
